## INTERACTIVE SCIENCE HOMESCHOOL EDITION, GRADE 5 WITH TEACHER EDITION ACCESS KIT (MIXED MEDIA PRODUCT)

Pearson Scott Foresman, United States, 2012. Mixed media product. Book Condition: New. 277 x 213 mm. Language: English . Brand New Book. Interactive Science is a curriculum for homeschooling that keeps you and your child engaged. Designed to make Science accessible, the program uses labs and hands-on activities to guide your child through his or her education. The Grade 5 curriculum is the next step in Interactive Science. It transitions smoothly from Grade 4 so you and your child will have no trouble adjusting to the next Grade level. By now, your child will have a strong foundational knowledge of four areas of Science education, including Science Engineering and Technology, Life Science, Earth Science and Physical Science. The curriculum material in Interactive Science: Grade 5 is broken down into those four units. During each, your child will learn invaluable information about the topic and explore the field in a way that holds his or her interest. Science is all about interacting with the subject being studied. Whether your child is exploring rocks or weather, you can be sure that Interactive Science: Grade 5 will help him or her do so actively. With the helpful, dynamic and in-depth materials included in this curriculum, you ll be able to craft lessons that achieve Grade-level goals. By the time your child completes Grade 5, he or she should be able to: Describe matter that is too small to see (such as atoms) using models. Observe and describe a material using its properties. Explain how an animal derives energy from food, which comes from plants that get their energy from the sun. Describe how plants get their energy (i.e., photosynthesis). Understand the interactions between the Earth s geosphere, biosphere, hydrosphere and/or atmosphere. Find information regarding community efforts to protect the environment and its resources....
