*An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.EXISTENCE is governed by a very specific code of Eternal Consciousness that was first instituted and put into application even before the Universe and humanity as we know it came to be. That same code without any change is operational and maintains the prefect balance in all 12 dimensions of EXISTENCE and governs all physical and non-physical entities This code governs the quality of our life experience. The core principle of this code is to establish symbiotic collaborative relationships through the free will of mutual consent between the partners in the relationship for the purpose of collective coexistence and in the process, experience unbounded delight. When this core principle is violated, the core purpose for that entity to exist is lost and the entity is eliminated from the grid of EXISTENCE. This code that the author refers to and has trademarked as the Genetics Of Divinity™ is embedded as a memory system, an indelible operating system in our subconscious mind, stored specifically in the 2nd pair of DNA strands in the cells of the human body. This code holds the key to peace, love, harmony, security and abundance in your life experience and in the world that we live in but it lays dormant - shrouded in artificial man-made restrictive paradigms and belief systems that are finite, restrictive and punitive and hence have no foundation or basis in the grid of EXISTENCE. This natural code of the Genetics Of Divinity is hence ineffective to operate and enable your life to flourish. However, when this code is reactivated from your subconscious mind and allowed to re-surface into your conscious mind, your life experience would begin to transform...
